Experience

Web Design Intern

HopeWorks Camden June 2022 - Present

Worked with a team to make websites for clients, most of them being nonprofits and organizations that help the communities that they are involved with. I used Figma to follow the site's branding and make logical decisions based on the clients needs.

Web Development Trainee

HopeWorks Camden May 2022

Designed and presented personal websites made using HTML, Javascript and Photoshop. Provided tours for potential trainees and investors. Attended workshops for professional development.

Data Entry

Intern at Vary Studio Oct. - Nov 2021

Worked with data entry; made the data easily accessible to future editors. Worked with them on the InLiquid website until the job was completed.

Media Editor

Rutgers Smash Club 2020 - 2021

Update brochures and pamphlets for the club. Design posters for upcoming events. Created engagement for the club through graphics and advertisement.

Graphic Designer

Freelance Artist 2017 - Present

Experience with making social media graphics and infographics. Worked with individuals to promote their local events by making advertisements. Worked with New Jersey Innocence Program at Rutgers and Weisman Children's Hospital.
